This publication is available at <https://www.gov.uk/government/publications/coronavirus-covid-19-online-education-resources/coronavirus-covid-19-list-of-online-education-resources-for-home-education>

We have brought together an initial list of online educational resources to help children to learn at home.

These websites have been identified by some of the country's leading educational experts and offer a wide range of support and resources for pupils of all ages.

The list includes subject-specific resources for:

- English
- maths
- science
- PE
- wellbeing
- Special educational needs and disabilities (SEND)

They are currently being offered for free.

Individual resources cannot replace a school's properly planned curriculum, and the resources in this list are not intended to do so.

They may be useful for parents in considering how they could support their children's education, but they should not be used in place of existing resources which schools may be using as part of their continued provision for pupils' education at this time.

Schools may also wish to explore this initial list of resources as they consider how they continue to support children's education.

We will review and update the list over time. Details on how that will work will be provided in the coming weeks.

This list of resources is not exhaustive and there are many other resources available to schools.

Before using these resources, you should refer to the guidance 'Coronavirus (COVID-19): safeguarding in schools, colleges and other providers (<https://www.gov.uk/government/publications/covid-19-safeguarding-in-schools-colleges-and-other-providers>)', which has further information on how to keep children safe online.

Access to resources is in most cases free of charge, but it is your responsibility to check whether you have to pay to view and/or copy specific content contained within the resources.

English

This initial list of English resources is based on recommendations from English Hub schools and trusted teachers.

Reading, especially for primary age children, is critical to their educational development and something that families can do together.

Some publishers are making their catalogues available for free. Schools should check what is available for the books used in their schools.

Phonics

Schools should seek advice from their phonics programme provider about resources that are available to support remote phonics learning at home. For example, Read Write Inc. (RWI) has made video content freely available online.

DfE's validated phonics programmes are:

- Floppy's Phonics Sounds and Letters (<https://flopysphonics.com/>)
- Jolly Phonics (<https://www.jollylearning.co.uk/>)
- Letterland Phonics (<https://www.letterland.com/>)
- Letters and Sounds (<https://www.gov.uk/government/publications/letters-and-sounds>) (supplemented by closely matched and fully decodable books)
- Phonics Bug (<https://www.activelearnprimary.co.uk/login?c=0>)
- Read Write Inc. (<https://www.ruthmiskin.com/en/>)
- Sound Discovery (<http://www.syntheticphonics.net/sound-discovery.php>)
- Sounds-Write (<https://www.sounds-write.co.uk/>)

However, some schools will use programmes not on this list.

English Hub schools are developing resources for schools that use Letters and Sounds.

Physical education (PE) and physical activity

This initial list of physical education (PE) and physical activity resources is based on recommendations from:

- the Association for Physical Education (afPE)
- Public Health England (PHE)
- Sport England
- the Yorkshire Sport Foundation (YSF)

These resources will help young people to get the daily 60 minutes of activity recommended by the UK Chief Medical Officer (CMO) in fun ways.

All the resources listed here are for activities designed to be carried out indoors or, if available, a garden.

Children and young people can go outside for one form of exercise a day, such as:

- a walk with members of their household
- a run with members of their household
- a cycle with members of their household

Outdoor exercise should be carried out locally.

Children and young people should always follow the latest official advice on social distancing (<https://www.gov.uk/government/publications/covid-19-guidance-on-social-distancing-and-for-vulnerable-people/guidance-on-social-distancing-for-everyone-in-the-uk-and-protecting-older-people-and-vulnerable-adults>), which means making sure that they and their parent or carer stay more than 2 metres from others (including friends and other family members).

Other resources

There are other resources available. BESA's LendEd website (<https://www.lended.org.uk/>) and the EdTech Impact website (<https://www.edtechimpact.com/>), for example, include varied resources that teachers already use and rate within the websites.

These have not been verified by DfE's educational experts but we have included them on the list because they also cover other areas of the curriculum that are not covered above.
