Dear General Manager

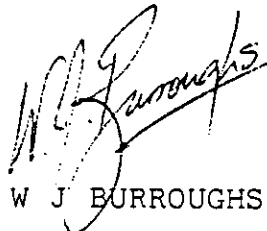

TACKLING DRUG MISUSE: A SUMMARY OF THE GOVERNMENT'S STRATEGY

"Tackling Drug Misuse", a review of the Government's Strategy, was first published in 1985 and revised in 1986 with the aim of presenting an overall picture of the very wide range of initiatives which had been taken or put in hand. Since then many further initiatives have been announced and we thought it would be useful to produce a third edition which reflects the current stage of the drug problem and the continuing development of Government policy and action.

I hope you find the attached document helpful and that it might serve as a useful source of reference. Further copies, if required, may be obtained from the Department of Health, CMP Division, Room B1411, Alexander Fleming House, Elephant and Castle, London SE1 6BY.

This letter will be cancelled and deleted from the communications index on 31 August 1989.

Yours sincerely

W J BURROUGHS
