- Information for prospective testing providers

[Print this page](#)

The Department of Health and Social Care (DHSC) is aware of the following providers (including NHS Test and Trace) who may be able to conduct tests for day 2 and day 8 testing for international arrivals. This is known as a travel test package.

The first test will be taken on or before day 2 of your quarantine period and the second test will be taken on or after day 8 of your quarantine period.

Book a travel test package

Book your tests by contacting one of the following providers of day 2 and day 8 testing.

If you need urgent overnight booking support, you may wish to book a test through CTM (administering NHS Test and Trace tests) from the list below, as there is a 24-hour booking support helpline available.

The list below is for England. Book a travel test package if you're travelling to Scotland (<https://quarantinehotels.ctmportal.co.uk/Quarantine/Home.aspx/?country=Scotland>).

This list is continually updated by [DHSC](#) as providers declare that they meet the required standards and are reviewed by [UKAS](#).

The government does not endorse or recommend any test provider. Individuals should conduct their own research about available providers, the tests they supply and their terms and conditions of sale.

Package and pricing

The test package prices listed are for the provider's standard service, which meets the government's minimum standards (<https://www.gov.uk/guidance/testing-on-day-2-and-day-8-for-international-arrivals>). This includes:

- both test kits
- delivery and (where relevant) test swabbing
- full evaluation of the test samples
- relevant genome sequencing activities
- result reporting to the patient
- data reporting to PHE

Prices are updated periodically so there may be differences between the price listed on this page and the price on the provider's website.

Prices may differ from provider to provider for a number of reasons, for example to reflect different levels of customer support. Please contact providers for detailed product and pricing information. It is important to note that some providers may offer a range of packages at different prices with further add-ons, such as premium delivery.

Further guidance

- Booking and staying in a quarantine hotel when you arrive in England (<https://www.gov.uk/guidance/booking-and-staying-in-a-quarantine-hotel-when-you-arrive-in-england>) (coming from red-list countries)
- How to quarantine when you arrive in England (<https://www.gov.uk/guidance/how-to-quarantine-when-you-arrive-in-england>) (coming from other countries)

Information for prospective testing providers

Before you begin testing you must:

- meet the minimum standards (<https://www.gov.uk/guidance/testing-on-day-2-and-day-8-for-international-arrivals>) for providers of day 2 and day 8 testing for international arrivals, including being at the relevant stage of UKAS accreditation
- request to be added to the list of providers by completing the declaration form (<https://support-covid-19-testing.dhsc.gov.uk/InternationalTesting>)
